Engaging Members Through Scholarly Conversations in Nursing

Through a series of “Scholarly Conversations in Nursing,” Alpha Omicron Chapter has engaged its members, current students, and members of the community to come together to learn about and discuss topics relevant to current nursing practice. Since fall 2016, Chapter board and other members have planned and provided three events: Global Guidelines for Culturally Competent Care (October 2016), Medical Marijuana (February 2017), and Intimate Partner Violence (October 2017). Planning for the events is managed by a task force of Chapter volunteers. Publicity includes posting on our Chapter’s site on The Circle, invitations to clinical practice partner sites, and collaboration with the university’s Alumni Office to promote the event to a wider audience. All events included one or more speakers with expertise on the topic, including: the co-chair of American Academy of Nursing’s Global and Nursing Expert Panel; a nurse director of a cancer pain program; a panel of experts on intimate partner violence, including a SANE nurse, policy director from the Lifespan Center for Legal Services and Advocacy, Chicago Police Department Domestic Violence Operations Coordinator; a licensed clinical professional counselor; a doctoral-prepared mental health nurse faculty member; a representative from the National Alliance on Mental Illness (NAMI). Presentations were followed by opportunities for questions and further discussion. Admission to the events is free and includes a reception following the presentation and discussion. These events have proven beneficial to participants and to the Chapter. Continuing education (CE) credit is offered to RNs for a small fee. These events draw nursing alumni, and in some cases, Chapter members who have been inactive have been spurred to re-engage as a result of attending. Attendance has ranged from 40 for the first session to 122 for the most recent session. The fourth event, You Are Not Alone: Living with Mental Illness, will be held in March 2018.

Title:
Engaging Members Through Scholarly Conversations in Nursing

Keywords:
Application to Practice, Engagement and Scholarly Conversations

**Abstract Summary:**

Through a series of "Scholarly Conversations in Nursing," Alpha Omicron Chapter has collaborated with university Alumni Association to engage its members, current students, and community partners to come together to learn about and discuss topics relevant to nursing. Since Fall 2016, events are held semi-annually, and attendance has steadily increased.

**Content Outline:**

I. Planning Events

A. Determine topic and secure speakers

B. Volunteers form task force to plan logistics

C. Collaboration with Alumni Relations to promote event and assist on-site

II. Events

A. Global Guidelines for Culturally Competent Care (October 2016)

B. Medical Marijuana (February 2017)

C. Intimate Partner Violence (October 2017)

D. Living with Mental Illness (March 2018)

III. Evaluation

A. Benefits to Participants

1. Increased knowledge to apply in practice

2. Strengthen connections with SON, chapter, and Alumni

3. Continuing education credit provided

B. Benefits to Chapter
1. Re-engage members

2. Increase visibility of chapter

First Primary Presenting Author

**Primary Presenting Author**

Susan Marie Hampson, MS
Saint Xavier University
School of Nursing
Associate Professor, Clinical Educator
Chicago IL
USA

**Professional Experience:** I have been nursing faculty for 17 years. I have been an active member of the Alpha Omicron Chapter for ten years, and am currently serving as the Chapter president. I am an advanced practice nurse, and maintain certification as a family nurse practitioner.

**Author Summary:** Susan Hampson is the current president of the Alpha Omicron Chapter, and Associate Professor at Saint Xavier University in Chicago, Illinois. She has been instrumental in planning the series of scholarly events.

Second Secondary Presenting Author

**Corresponding Secondary Presenting Author**

Charlene Bermele, DNP, MSN, RN, CNE
Saint Xavier University
School of Nursing
Assistant Professor
Chicago IL
USA

**Professional Experience:** 2010 – Present Assistant Professor, Saint Xavier University, Chicago, IL
2002-2010 Director, Nursing Resource Center, Saint Xavier University, 1980 - Present Patient Care Services/ Nurse Educator, Mercy Hospital & Center, Chicago, IL
Member of Center for International Education, Saint Xavier University, Chicago, IL. Sigma Theta Tau Alpha Omicron Board Member

**Author Summary:** I have been a nursing faculty for 14 years at Saint Xavier University. I have held numerous board positions within our Chapter which has involved public speaking and networking.

Third Secondary Presenting Author

**Corresponding Secondary Presenting Author**

Michele Poradzisz, PhD, RN, CNE, CNL
Saint Xavier University
School of Nursing
Professor
Chicago IL
USA

**Professional Experience:** 2016 - present -- Professor, Saint Xavier University School of Nursing 2004-
2016--Associate Professor, Saint Xavier University School of Nursing Board member of Alpha Omicron Chapter Project director for several research projects in nursing education Peer reviewer of continuing education materials for American Association of Diabetes Educators.
