PROJECT OUTCOME OF THE EXPERIENCED NURSING FACULTY LEADERSHIP ACADEMY:
DEVELOPING AND IMPLEMENTING ELECTRONIC WEB-BASED LEARNING RESOURCES

INTRODUCTION AND BACKGROUND

Developing electronic resources (eBooks, eCourses) through a Learning Management System can be a challenging leadership responsibility most especially in developing countries where digital and technology issues continue to prevail.

1. Showcase the project on developing electronic web-based learning resources
2. Highlight the leadership journey of the Experienced Faculty Leadership Academy (ENFLA) scholar

OUTCOMES

Outcomes were crafted to identify outputs in three (3) key result areas.

Technology/ Technical
Improvement on technology access infrastructure and internet speed

Procedural
Development of Standard Operating Procedures (SOP) as process framework

Human Resources
Capacity-building of the team and its members
