

SigmaCast – Research from Around the World: Nursing Informatics and Digital Health Transforming Healthcare

General Information

Product Details

SigmaCast's are a way for Sigma to help nurse keep up with current events, learning new facts from the latest research, find common ground with other nursing professionals from around the world, and discuss the challenges of the nursing profession around the world and how they can affect your professional work.

Keywords/ Tags: Research, Nursing Research, Outcomes, Evidence-Based Practice, Evidence-Informed Practice, Nursing, Nurse, PhD, Informatics, Clinical Informatics, Nursing Informatics, Data, Big Data, HIMSS, Healthcare Information and Management Systems Society, Inc, American Nursing Informatics Association, ANIA

Episode Description:

This episode we will be discussing the body of nursing research from Connie White Delaney, PhD, RN, FAAN, FACMI, FNAP, a [Sigma International Nurse Researcher Hall of Fame inductee](#) in July of 2020 and Professor and Dean at the University of Minnesota School of Nursing.

Written Disclaimer:

The views, information, or opinions expressed during this SigmaCast series are solely those of the individuals involved and do not necessarily represent those of Sigma Theta Tau International Honor Society of Nursing (Sigma), its employees, chapters, or subsidiaries. The primary purpose of this SigmaCast is to educate and inform. This SigmaCast series does not constitute medical or other professional advice or services.

This SigmaCast is available for private, non-commercial use only. Advertising, which is incorporated into, placed in association with, or targeted toward the content of this Sigmacast, without the express approval and acknowledgment of Sigma is forbidden. You may not edit or modify this SigmaCast. The developers of this SigmaCast assume no liability for any activities in connection with this SigmaCast or for the use of this SigmaCast in connection with any other Web site, computer, or playing device.

What is the purpose of this activity?

The purpose of this SigmaCast is to discuss the research of Connie White Delaney, PhD, RN, FAAN, FACMI, FNAP, a [Sigma International Nurse Researcher Hall of Fame inductee](#) in July of 2020 and Professor and Dean at the University of Minnesota School of Nursing.

Learning Outcomes:

After participating in this course, learners will be able to:

- Discuss the research area of individuals inducted into Sigma's Researcher Hall of Fame or Emerging Nurse Researcher Award winners.
- Describe the impact this nursing research is having or could have on society.
- Discuss the impact of interdisciplinary teams in research.

Author Information:

- Connie White Delaney, PhD, RN, FAAN, FACMI, FNAP, Professor and Dean at the University of Minnesota School of Nursing

Host: Matt Howard, DNP, RN, CEN, TCRN, CPEN, CPN: Director of Scholarship Resources, Sigma
