

## SigmaCast – Research from Around the World: Immigrant Health Between Africa and Canada

### General Information

#### Product Details

SigmaCast is a way for Sigma to help nurse keep up with current events, learning new facts from the latest research, find common ground with other nursing professionals from around the world, and discuss the challenges of the nursing profession around the world and how they can affect your professional work.

**Keywords/Tags:** Research, Nursing Research, Outcomes, Evidence-Based Practice, Evidence-Informed Practice, Immigrants, Immigrant Health, Canada, Africa, African Immigrants, Displaced Women, Displaced Women and Children, Mental Health of Immigrants

---

#### Episode Description:

This episode we will be discussing the research of Dr. Bukola (Oladunni) Salami, a [Sigma International Nurse Researcher Hall of Fame inductee](#) in July of 2020 and an Associate Professor from the University of Alberta.

#### Written Disclaimer:

The views, information, or opinions expressed during this SigmaCast series are solely those of the individuals involved and do not necessarily represent those of Sigma Theta Tau International Honor Society of Nursing (Sigma), its employees, chapters, or subsidiaries. The primary purpose of this SigmaCast is to educate and inform. This SigmaCast series does not constitute medical or other professional advice or services.

This SigmaCast is available for private, non-commercial use only. Advertising, which is incorporated into, placed in association with, or targeted toward the content of this SigmaCast, without the express approval and acknowledgment of Sigma is forbidden. You may not edit or modify this SigmaCast. The developers of this SigmaCast assume no liability for any activities in connection with this SigmaCast or for the use of this SigmaCast in connection with any other Web site, computer, or playing device.

### What is the purpose of this activity?

The purpose of this SigmaCast is to discuss the research of Dr. Bukola (Oladunni) Salami, a [Sigma International Nurse Researcher Hall of Fame inductee](#) in July of 2020 and an Associate Professor from the University of Alberta.

### Learning Outcomes:

After participating in this course, learners will be able to:

- Discuss the research area of individuals inducted into Sigma's Researcher Hall of Fame or Emerging Nurse Researcher Award winners.
- Describe the impact this nursing research is having or could have on society.
- Discuss the impact of interdisciplinary teams in research.

### Author Information:

- Bukola (Oladunni) Salami, PhD, MN, RN, an Associate Professor from the University of Alberta

Host: Matt Howard, DNP, RN, CEN, TCRN, CPEN, CPN: Director of Scholarship Resources, Sigma
