Title:
STUDENT TRACK: Leading the Technology Charge: Student Perspective

Type:
Oral

Keywords:
simulation, student track and technology

Target Audience:
Nursing students

Summary:
This session will present health care reform issues that are driving changes in health information technology. A review of the IOM report and the TIGER initiative will be presented. The role that nurses play in these reforms, as well as leadership opportunities to shape the future of health information technology will be explored.

Final Number:
LE 01
