

1981 Building Fund Contributors

Announcement — In January, 1982, the Council approved land acquisition in Indianapolis for the building, making the dream one step closer to reality. The National Officers offer a special thank you to the more than 1,200 members listed below for their contributions to the Building Fund and their support of the purposes of Sigma Theta Tau. This Fund symbolizes the commitment to a future where nursing scholarship, leadership and research will be fostered.
