

# 1982 Building Fund Contributors

Sigma Theta Tau and the City of Indianapolis have presented a proposal inviting national nursing organizations to consider establishing headquarters offices in a National Center for Nursing. Building Fund contributions will be used for operations, maintenance, and furnishings of the Sigma Theta Tau offices as we move to the National Center. The National Officers offer a special thank you to the more than 1,300 members listed below for their contributions to the Building Fund and their support of the purposes of Sigma Theta Tau.
