Simulation Learning: A Military Civilian Collaboration

JOSHUA BAKER, RN, MSN
DEBORAH CHATHAM, RN, DNP, PHCNS – BC, CNE
Lack of Resources for Simulation Based Learning in a BSN Program

• Main campus located in south Mississippi (Hattiesburg) – home of School of Nursing and College of Osteopathy. Availability of simulation lab for skills learning.

• Branch campus located 75 miles away on Mississippi Gulf Coast- limited resources available in skills lab.

• Keesler Air Force Base – Training facility with hospital, clinics, and a clinical simulation lab available. Located within 15 minutes of campus.
South Mississippi

William Carey University – Tradition Campus. Located on the Mississippi Gulf Coast – 75 miles south of main Hattiesburg campus.
Biloxi Lighthouse – Built 1848

Biloxi Schooner

OHR-O'KEEFE MUSEUM OF ART
William Carey University and Keesler Air Force Base

William Carey University – Tradition Campus: Private, Baptist Institution – 1,200 student enrollment

Keesler Air Force Base – Home of the 81st Training Wing
Introduction to Clinical Simulation:

- Refreshments and orientation to the facility
- Briefing on topics/simulations to be covered
- Pre-test administered to determine level of preparedness
Preparing for the Simulation Experience
Emphasis on Pediatric Patients
Airmen on Their Day Off Came To Simulation Lab to Help Educate Nursing Students

SrA Ebonie McNair and SrA D. Andrew Davenport
Inserting Oral Airways and Assessing Respiratory Status
Mastering the Art of Starting an IV in a Pediatric Patient
Intraosseous Vascular Access - A Unique Learning Opportunity
Explaining the Steps to Selecting Meds and Equipment Used in a Pediatric Code
Simulation Instructors Share their Expertise
Codes,
... and more codes!
Practicing a Mega code
De-briefing: Making sense of the simulation experience

The end of a long, but successful day
Special thanks to:

**Randy Bernhardt, Simulation Lab Coordinator**
**and**
**Bradley Belford, Simulation Operator**

for their warm welcome and coordination of the simulation activities incorporated in this project.
