

**Learning Activity:**

LEARNING OBJECTIVES	EXPANDED CONTENT OUTLINE
The learner/attendee will be able to identify the five themes discovered from the qualitative data analyzed regarding the lived experiences of homeless women and spirituality.	Present and describe the five themes discovered during data analyses in order that the learner will meet this objective.
The learner/attendee will be able to discuss intervention strategies that can be used to help support the fundamental importance of spirituality in the lives of homeless women.	Present and describe the overall impact that spirituality has on the lives of homeless women when faced with adversity and challenges.
