

Learning Activity:

LEARNING OBJECTIVES	EXPANDED CONTENT OUTLINE
The learner will be able to learn how nurse leaders led during a major organizational integration.	Examples and open dialogue will be provided with an overview of steps and work involved in organizational integration.
The learner will be able to learn how nurse leaders used lean methodology and evidence-based practice tools to assess clinical practice and implement improvements, strategies and best practices.	Examples of methods, strategies and best practices will be shared with learners to meet learning objective.
