| Examine the process and benefits of certification as a nurse educator.             | 1. Certification as a nurse educator: Importance in advancing nursing education  
  a. Eligibility criteria in the US  
  b. International eligibility  
  2. Evidenced Based Education  
  a. Assessing the learner/Addressing different learner types  
  b. Planning considerations  
  c. Implementation using evidence based teaching strategies  
  d. Evaluation of learning outcomes  
  3. NLN Core Competencies and Test Blueprint Discussion  
  a. Preparing for the certification exam  
  b. One university’s course set up aligned with NLN Core Competencies  
  4. Study Tools and References  
  a. Study guides and practice test questions  
  5. Colleague Support for Test Success  
  a. Practice tests, online discussion boards  
  6. Sustainability Plan for ongoing mentoring  
  a. Online platform, video recording, book references for loan                                                                                        |
| Describe nurse educator competencies as they facilitate preparing increasingly diverse learners for nursing for generalist and advanced practice. | 3. NLN Core Competencies and Test Blueprint Discussion  
  a. Preparing for the certification exam  
  b. One university’s course set up aligned with NLN Core Competencies  
  4. Study Tools and References  
  a. Study guides and practice test questions  
  5. Colleague Support for Test Success  
  a. Practice tests, online discussion boards  
  6. Sustainability Plan for ongoing mentoring  
  a. Online platform, video recording, book references for loan                                                                                        |
| Create a Nursing Education Certification course study plan from the resources and tools provided in this presentation for themselves or colleagues. |                                                                                                                                                                                                                          |
