

Learning Activity:

LEARNING OBJECTIVES	EXPANDED CONTENT OUTLINE
The learner will be able to describe the advantages of academic progression.	Current initiatives will be reviewed to include the benefits, opportunities, and importance of BSN completion.
The learner will be able to acknowledge the influence ADN faculty have on encouraging and advising students on academic progression.	Results from academic progression studies and national initiatives will be explored.
The learner will be able to describe how a variety of message materials can be used for advising ADN students on BSN completion.	BSN completion message materials will be shared and opportunities for using the materials will be explored.
