**FULBRIGHT SCHOLAR PROGRAM**

**EMERGENT THEMES & RESULTS**

**Benefits of the Fulbright Program: Host & Home Institution**
- Collaboration with nursing faculty and nursing students globally
- Creating international partnership in research
- Sharing resources in teaching and learning
- Innovations in nursing pedagogy - **Concept Mapping**

**Perceived Barriers:**
- Limited number of nurses are engaged in research in the hospitals.
- Need for workshops for nurses to engage in research and evidence base practice
- Nurses are learning to use evidence base guidelines in the hospitals

**IMPLICATIONS**

**Nursing Education**
Exposed the nursing students to learn about nursing education from a global perspective

**Nursing Research**
International Research partnership

**Nursing Practice**
Compare and contrast nursing practices globally

**Academic and Life Transformation**
My Fulbright experience in Palestine, Jordan and Egypt was personally and professionally amazing, enriching, empowering and transformed me to an expert in global teaching, leadership and research.
